Freedom of Information Request

Dear Ms. Gore,

In the light of your refusal to reply to my detailed criticisms I drafted my response and I expect to send it to you over the weekend.

In the meantime I have been studying your organisation's 2010/11 report and its fanciful claims of benefit. I note that although the Excel files provide a great deal of data for the selection periods and then the implementation periods there is no data whatever for the (usually 15 month) gaps in between those periods.

I would be obliged if you would copy me all available data for each of the sites listed.

Please also advise how the site area is defined - by radius, rectangular area or otherwise.

Yours faithfully,

Idris Francis
