**Dear Ms. Owen,**

What your reply tells me is that GoSafe has no intention whatever of withdrawing its palpably false claims for benefits achieved by its cameras - despite admitting that you will consider amending those claims in future publications.

I have already told you in considerable detail why that is simply not good enough, as you refuse to do what I ask I will now report your organisation to the appropriate authorities for misconduct in public office and related offences.

Within the next few days I will also place all of the relevant correspondence in the public domain, that is to say, on my web site [www.fightbackwithfacts.com](http://www.fightbackwithfacts.com).

Sincerely

Idris Francis
